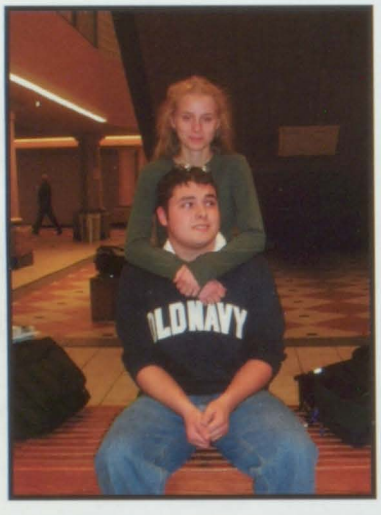
Sizzlin' Seniors

2003 Homecoming!!
The Senior's float this year consisted of an 8 ft. knight paired with a phoenix.The future engineers of America, worked hard to build this masterpiece. Jill Weatherly, Lauren Barone, and Jamie Hinman are living it up for Homecoming. Jill looks like she's praising the Homecoming gods.

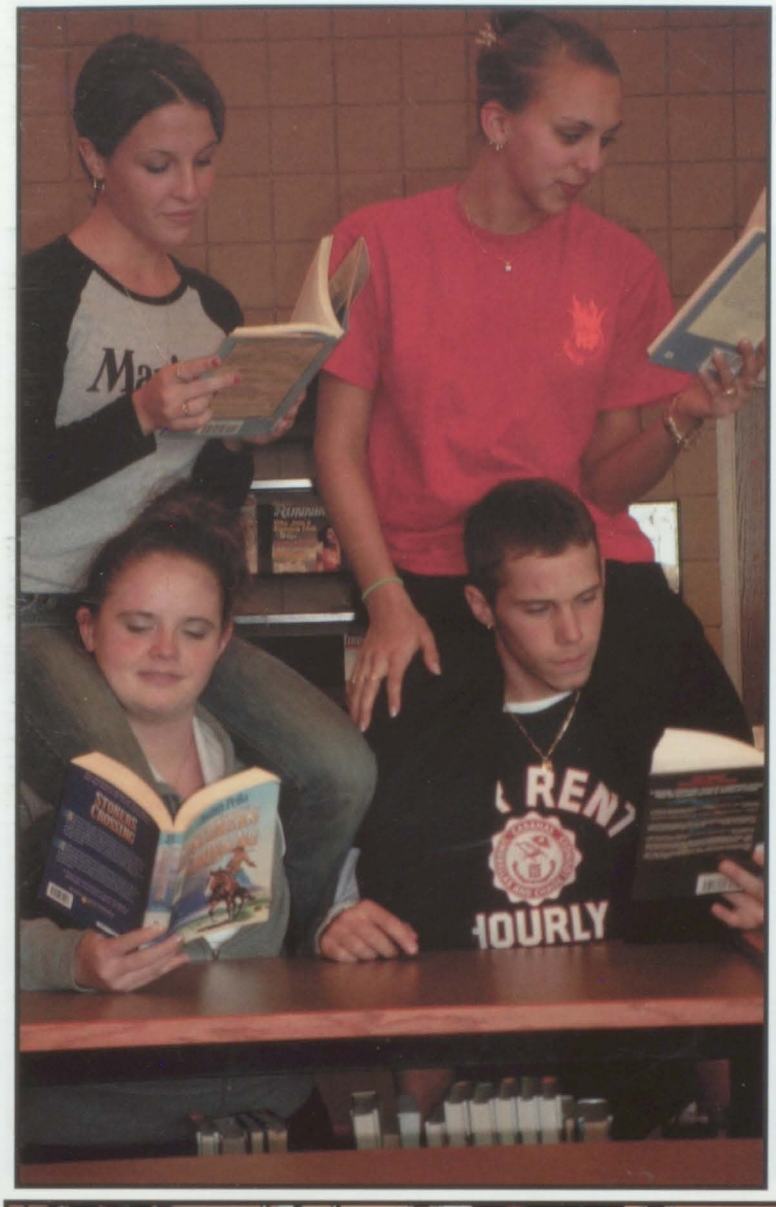
No More Drama..Just Strike a Pose.
Sara Ouderkirk and Jeff Gualandi taking a break from rehearsal.Look at those smiles. They must be really glad to see us. Now stop with the drama and strike a pose. That's a perfect picture!



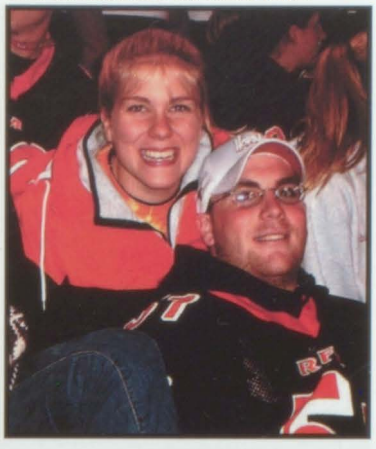
Into the Real World With Style...
Kara Fedors, Megan Rafte, and Nicole Sherman are waiting patiently for graduation. There's only... 150 days left, right girls? That means there's only a few more days left until you cross the threshold between high school and the real world!

The Memories and Football Games.
Matt Marino,Kevin Jones, Steve Corigliano and Anthony Ciotti have some fun while showing their support at one of the last football games that they will attend at RFA. These guys are really excited about the football game and the fact that the camera is on them for once.

"The doors we open and close each day decide the lives we live" -Floral Wittemore

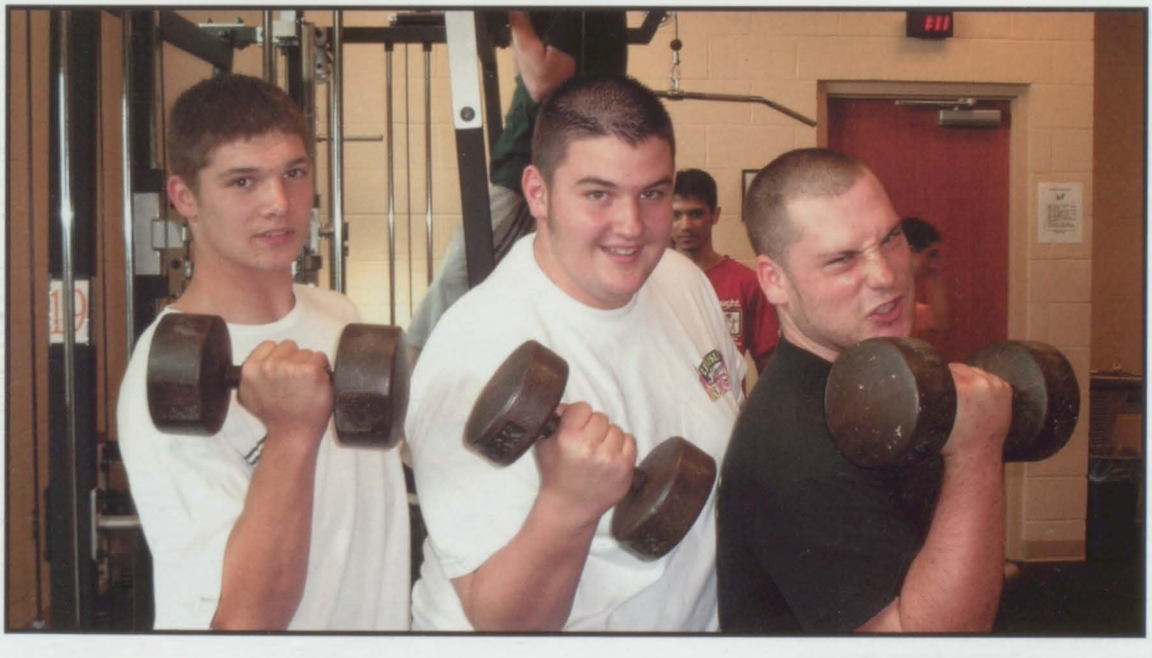


Book Worms.....
Sommer Page, Marissa Sarcone, Caitlin Farmer, and Anthony Morat have their noses stuck in their books. Anthony and Caitlin are feeling a big weight on thier shoulders as graduation approaches. However, Sommer and Marissa are on cloud nine.



RFA Pride....
Chelsea Katz and Matt Samuels are sporting their RFA colors at the Pep Rally. This is true school spirit at its finest. I wonder if these two are planning on joining in the pep rally fun? How about the slip-n-slide, or a cool whip pie?

Hey There Hollywood....
Jamie Guza, Dan Salloum, and Erica Hugo are outside for some fresh air and sunshine. They are sporting their sleek shades and sassy smiles.



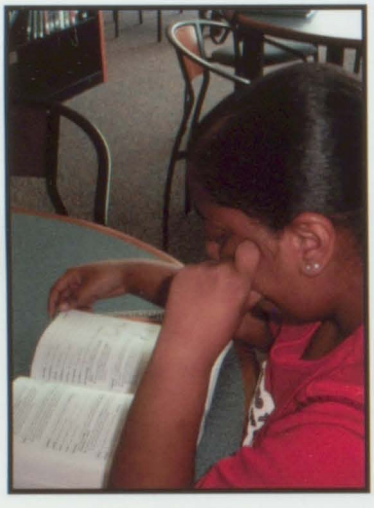
All Geared Up for the Game...
Kevin Barone and Bryana Korpela are beaming from ear to ear at the Field Hockey game. These two are supporting their friends at their last home game ever. Being a Senior means enjoying the end and looking forward to the future.

Where's the Weight Room?
Matt Keller, Matt Meyer, and Joe Christofaro are pumping some iron in the new weight room. These boys are jack-diesel. Do you have any tape because these guys are ripped?

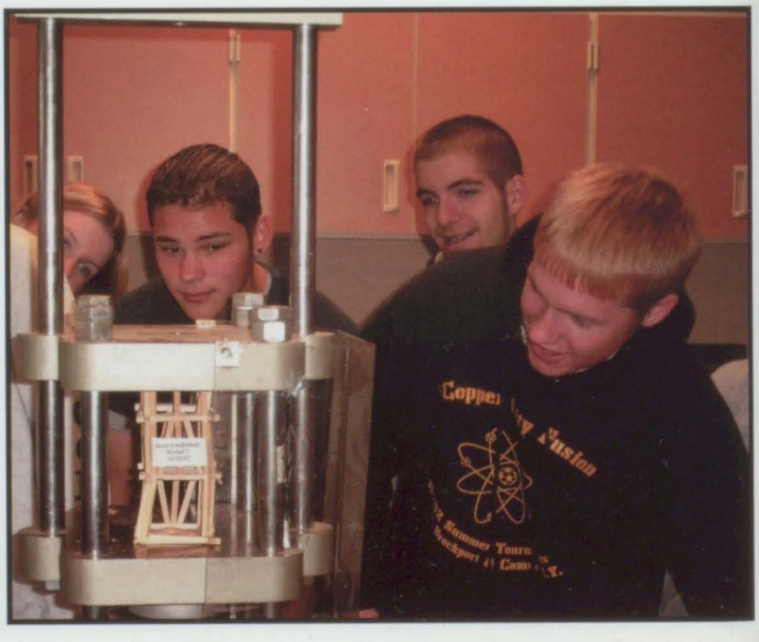
Jazzy Juniors

Greetings From the Junior Class.
Junior class members are always taking time to show off. Here is a group of Juniors from 4th period lunch who took time off to pose for our yearbook. When you walk into our new school, who would not want to be greeted by the friendly Junior Class?

Sleeping or Reading?
Danita Williams is always up for some studying, but is she reading or sleeping? Sitting in the new library during her studyhall, what is she doing? Whatever she is doing, at least she's comfortable in the upgraded library.



Role "Model" Student.
Tracey Piccola is always trying to look her best and get good grades. There is no better place to show off her good looks than where everyone can see. Posing on the information desk in the entrance of the school, Tracey looks like she could be a model. Strike a Pose!



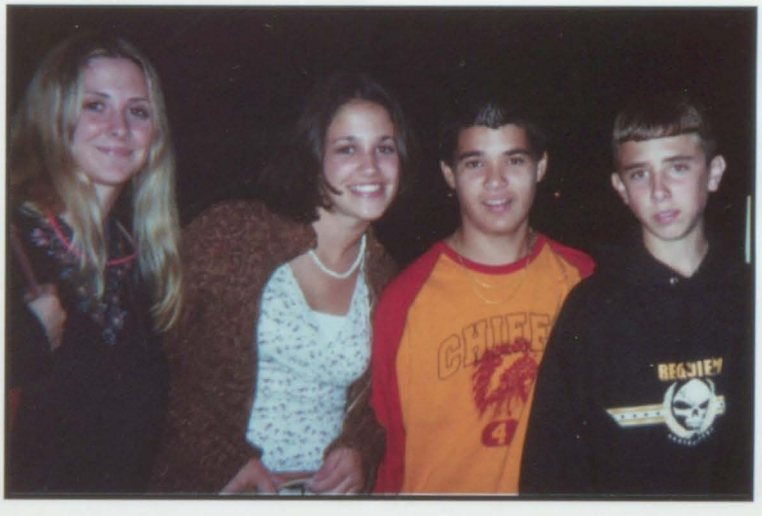
When is it Going to Break?
Look at Mike Meisenhelder, Evan Carollo and Scott Linderman in technology class. What is that machine? It looks like they are trying to break Scott's wooden project. Does Scott want it to break or not? Well, if it does break, I hope that his future career is not going to be in house building!

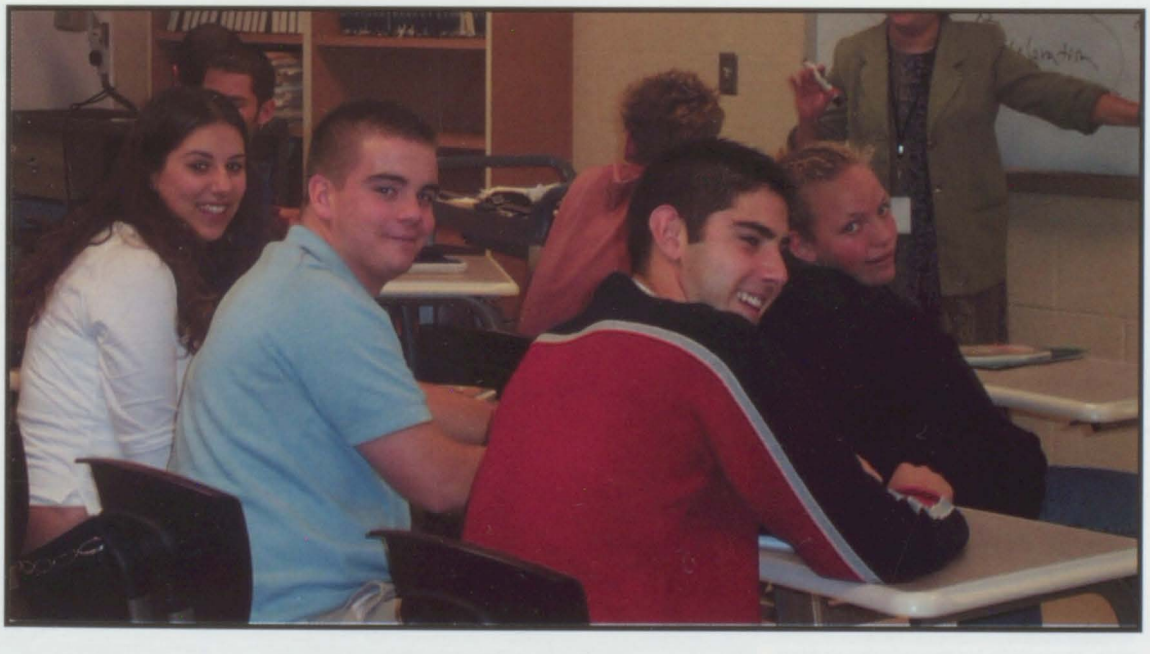
"Opportunity knocks at the strangest times. It's not the time that matters, but how you answer the door."
-Steve Gray

Friends Forever.
Sue Taylor and Lauren Keller still gave us a big ol' smile despite the cold weather. It's alright though, they came prepared with Dunkin Donuts' coffees. Good thinking girls.....

Picture Perfect.
Marcus Nelson takes a moment from working *so* hard, to show his white pearly teeth. What could he be so happy about? Could it be he's in his favorite class with his favorite teacher, Mrs. Cataldo??

Huddle Up!
Danielle Halpin, Megan Lappin, Carl Watts, and Paul Middleby gather around to keep warm in the fall weather. Could they be at a football or soccer game? Either way, they're probably having a good time.





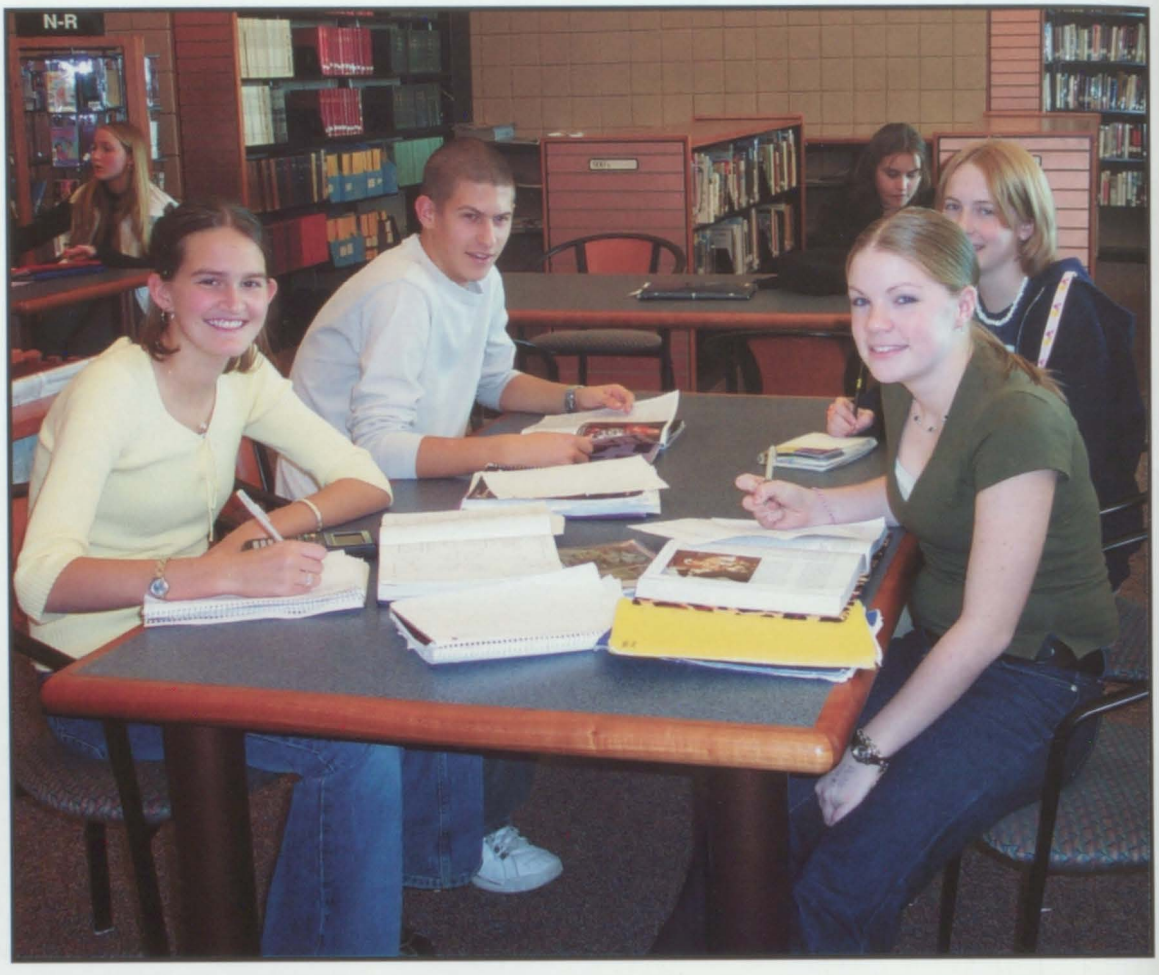
See No Evil, Speak No Evil, Hear No Evil.
Courtney Smith, Johanna Patashnick and Lindsay Smith are sitting at their lunch table. What did Johanna say to make Lindsay and Courtney hear no evil and see no evil?

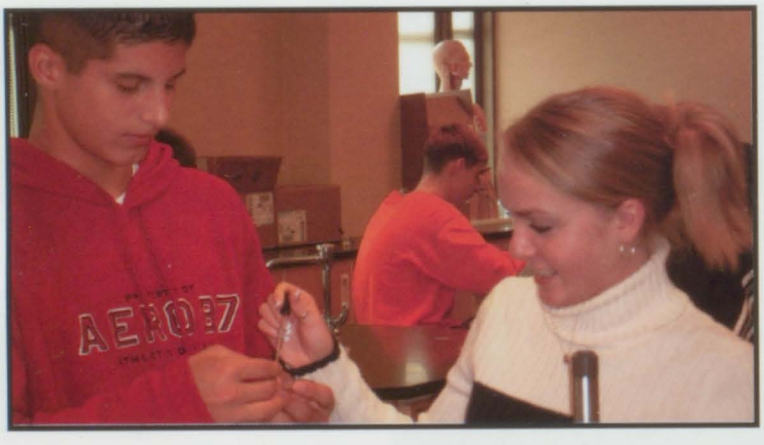
Turn Around, Smile, and Continue Working.
Kathleen Capoccia, Jimmy Seaton, Greg Dombrowski and Holly Cutler all turn around for a quick snap. Now get back to work...or else!

SuperDuper Sophomores

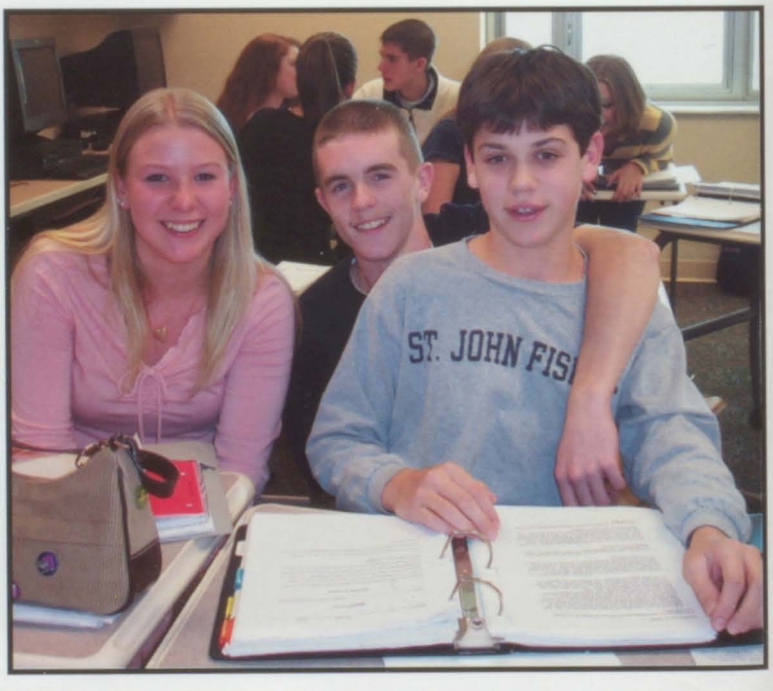
Studying Hard or Hardly Studying?
Melyssa Cooke, Andy Jarrett, Janet Havel, and Amber Rinehard look like they are spending their studyhall in our brand new library. This is a good time to catch up on some homework and of course, the weekend fun...right guys!!!!

When is the Bell Going to Ring???
Jordan McNamara, Alex Myhr, and Jill Zick know it can be really hard to pay attention with all these cameras around...it must be the good book they are reading!!!!



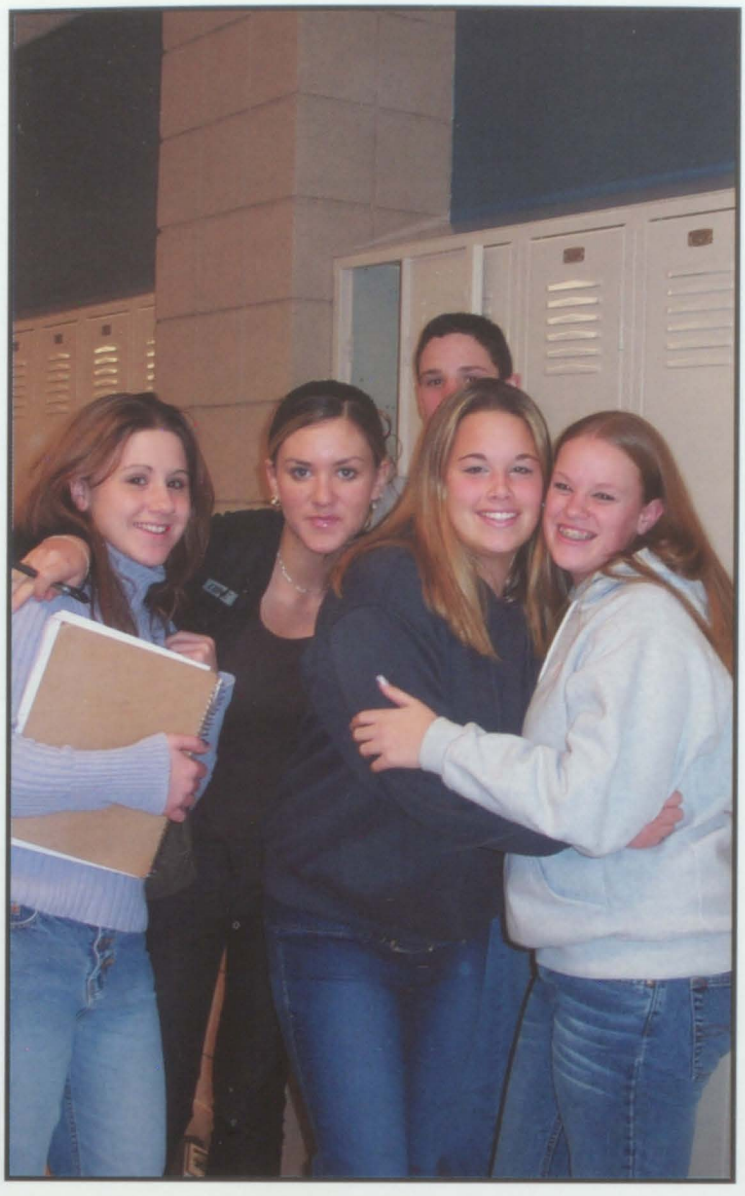


Lets Work Together!!!
Good thing Matt Haley and Kasie Reese know what they're doing. Lab is a good time to do some hands on work that can help you learn even better. Remember, don't work too hard. Have fun and make sure you get all those labs in on time!!!



Smile For the Camera!!!!!
Ashley Ramer, Zachary Johnson, and Jon Maurer are working as a team and putting all their ideas together. It looks like they are enjoying each others company while they work on their project. Good thing their teacher was nice enough to let the yearbook staff in to snap a great picture!!!!

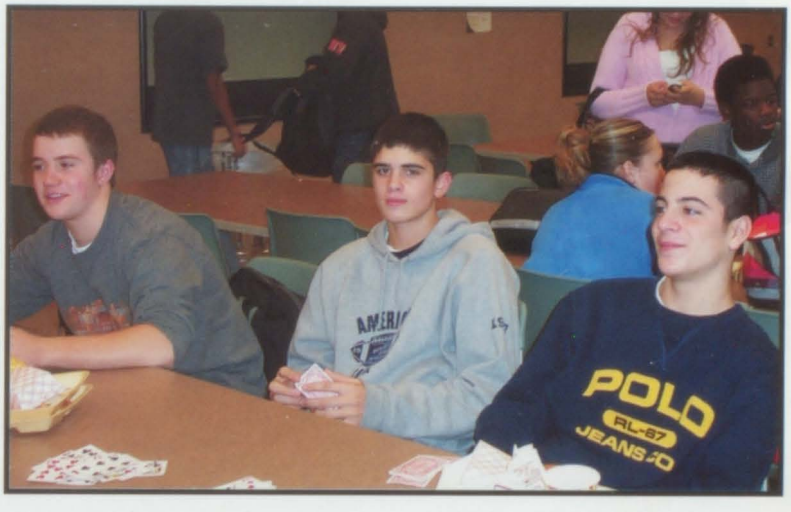
"When one door closes another door opens: but we so often look so long and so regretfully upon the closed door, that we do not see the ones which open for us." -Alexander Graham Bell-

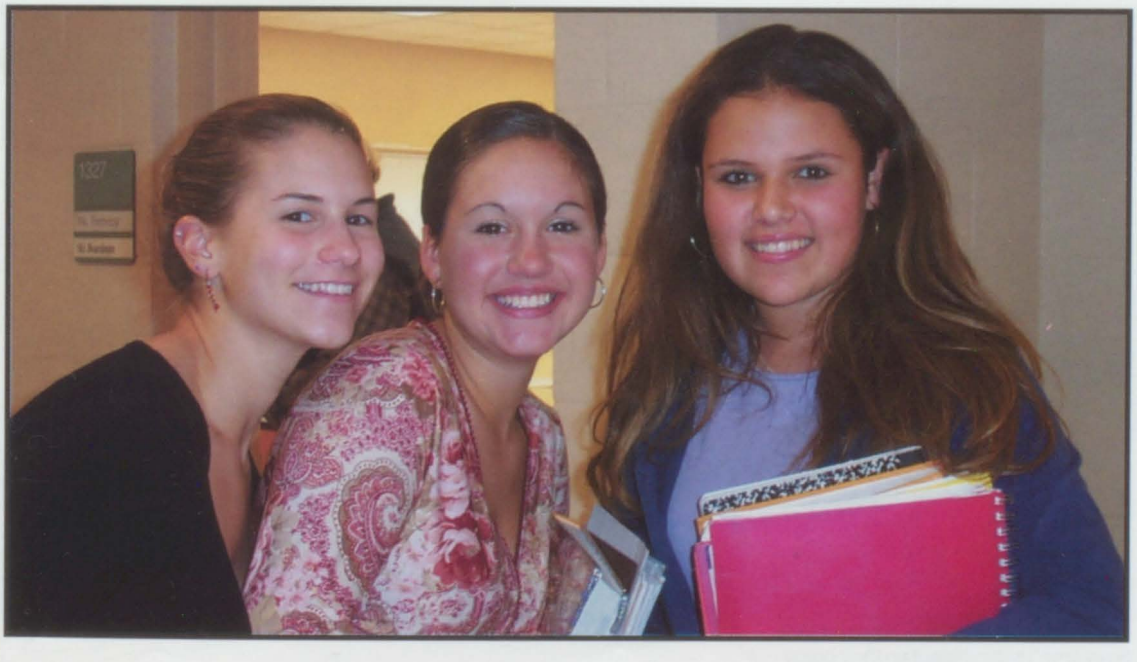


Hugs For Everyone...
Amanda Ross, Jaime Gray, Ashley Jones, and Jill Clark all take time out of their busy schedule to chat at their lockers and take a nice pose for our yearbook. Thanks girls...NOW GO TO CLASS!!

Hmmm.....I Wonder...
What's that I feel on my chin...is that my 5 o'clock shadow coming in? Oh well...Lincoln Mondrick has a nice ride home with his friends. School is fun most of the time, but everyone loves to finally go home.

Chillin' in Lunch...
These fine sophomores Jay Olney, Tom Sestito and Sal Bonanza all hang out in lunch and play some cards...which one of you guys has the Royal Flush? And who's cheatin'?





Say 'Cheezz'...
Krista Carlson and Meghan Olney take some valuable time out of their biology lab to take a picture for the yearbook. They look pretty happy, maybe they are disecting a frog. Have fun girls!!

Lookin' Good...
Check out these three 'hotties'. Letitia Mazzaferro, Sheena Stivers, and Katie Gomez. Boy aren't they a riot. They are always smiling and never stop laughin'. They are quite a crazy bunch, kind of like the "Three Stooges." Settle down girls!

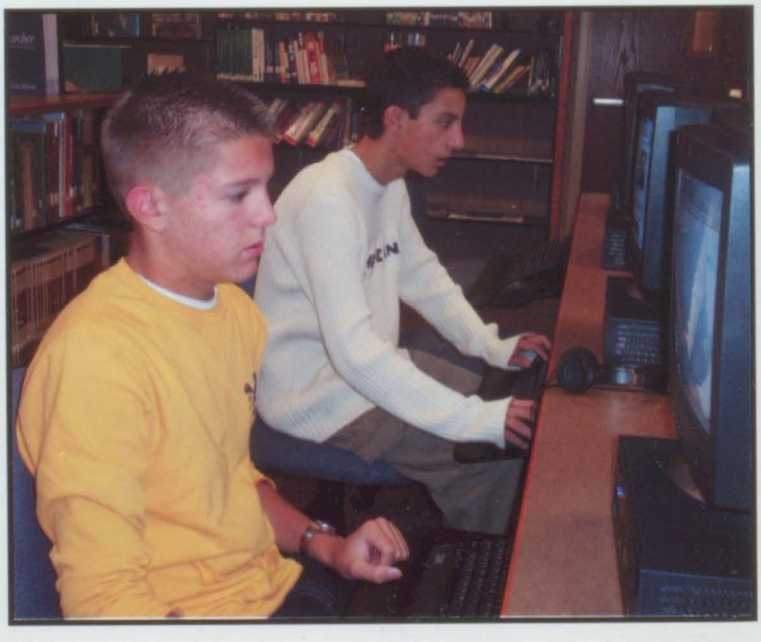
Fun Lovin' Freshmen

Make Yourself Comfortable!!!
The freshmen are not only fitting themselves onto the couches, but they are fitting into this brand new school. Considering it is their first year at RFA, they have a lot of school spirit. Look at all that orange!

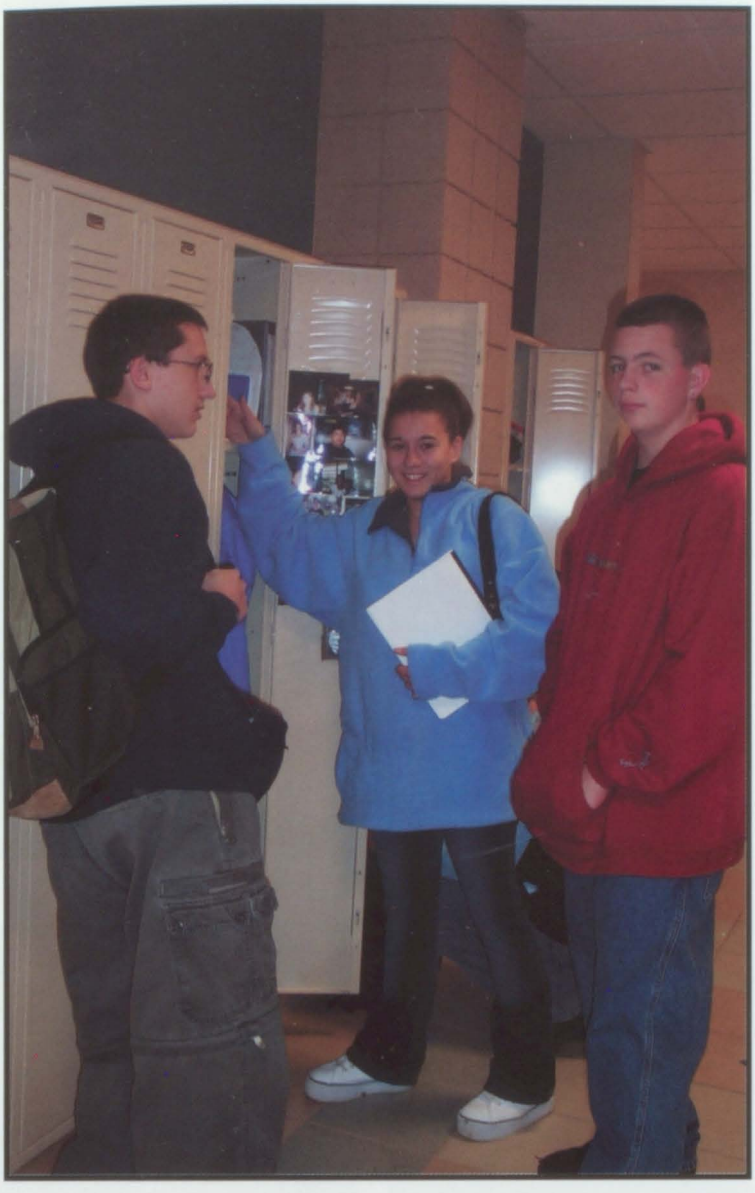
Are You Ready For Your Close-up Mr. Deville??
Richard Parker takes time out of his very important math class to pose for his close-up. Mrs. Cataldo must keep him pretty interested. He couldn't even crack a smile for the camera!

A Long Day at the Academy....
Stephanie Cox, Jessica Wood, and Jennifer Cornett have had a full day of learning and are ready to go home. Looks like they've got their books ready to go. Make sure you get all of your homework done!

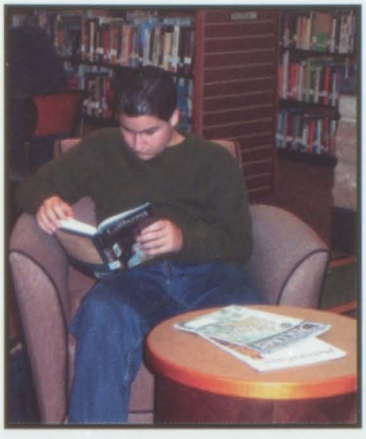
Surf Like You've Never Surfed Before!
Derek Swanson and Nick DeMatteo work on the new computers in the library-media center. For work or for play, these new computers make everything easier. Let's hope these boys aren't skipping out on their homework!



"When you follow your dreams...doors will open where you would not have thought there would be doors."

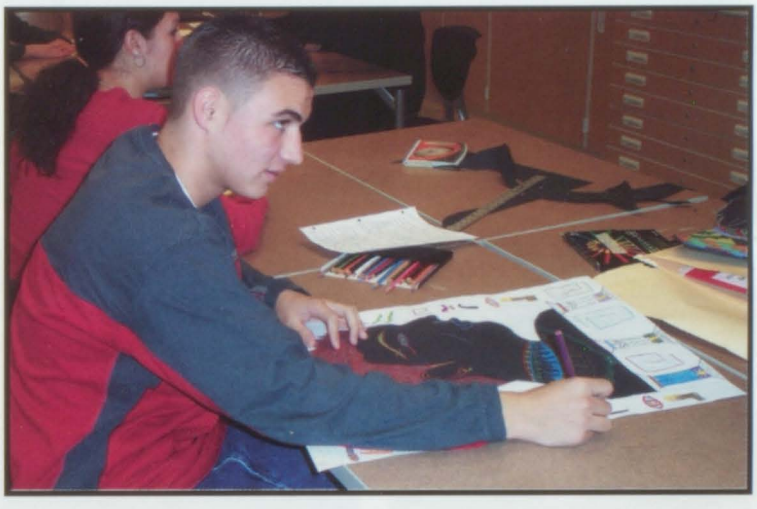


Smile!
Sandra Monroe has everyone around her locker this morning. It seems Anthony Butler and Max Klein are her biggest fans. Hey, did you put their pictures up in your locker too?



Read Me a Story!
It seems Franco Catalano has finished his homework early and is checking out a book in RFA's spacious library. What? A Dr. Suess book Franco? Oh, pretty pictures.

You Looking at Me?
It seems something has caught Eli Duffy's eye in art class. Doesn't he know that he's writting off the paper? Oh well, neatness doesn't count, this is art class! Be creative!



Muscle Beach
So Anthony Dominic, where's the gym? Pretty soon there is going to be a sign on the weight room door saying "Macho-Men Only!"

A Hobo and His Friends?
Wesley Rose is laying around with his buddies Chris Seaton, Krista Gualtieri, and Amber Nashton Halloween day in the south wing of the second floor. Remember to try your teachers with that old saying "Trick or Treat!"

Class of 2004

As our Junior Class makes its way into the future, we have chosen certain people to help lead us to success. The leaders for the year 2002-2003 are Erik O'Meara-President, Kelly Destito-Vice-President, Anthony Coccia-Secretary, and Kimberly Palinski-Treasurer. Through their guidance we have stepped up and made a difference in the school and community. We have had various fund-raisers to help earn money towards the Junior Prom. The Pancake Breakfast, which was a great success, helped greatly. This year the Junior Prom will be held on April 26th at Hart's Hill Inn. As we look back at our Junior Year, we will remember these people who have made it so unforgettable.

Sophomore Officers: Back row, Kristin Palinski-treasurer and Katie Endres-secretary. Front Row, Sara Salloum-vice president and Rob Register-president. Even though it is their first year in RFA, they have stepped up and played an important role in planning and organizing all of the school events. They even gave the seniors some competition in the homecoming float making! (Even though the seniors still won!)

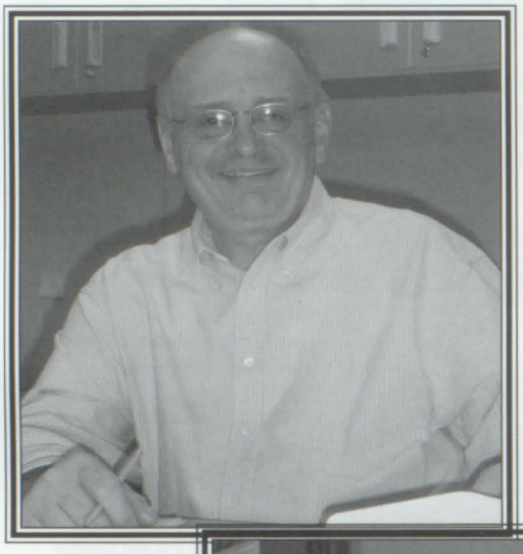
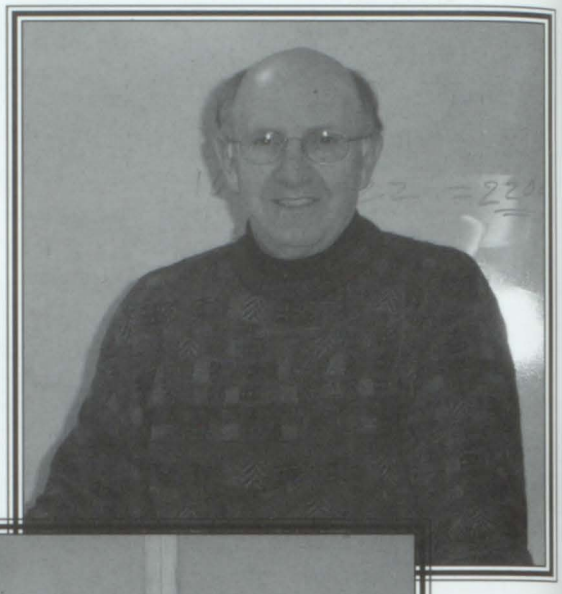
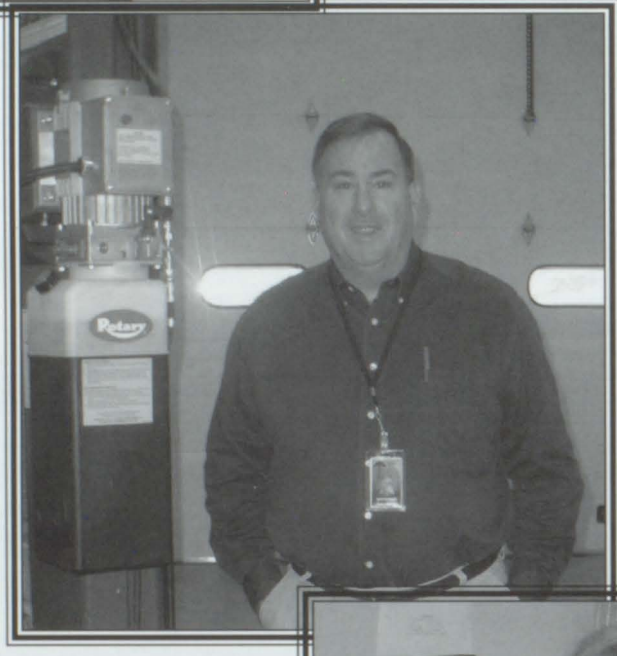
more 'Staff Graduates'...



Mr.Stirpe will remember the staff and students he had the pleasure of working with during his 30 years as a business teacher with the district.



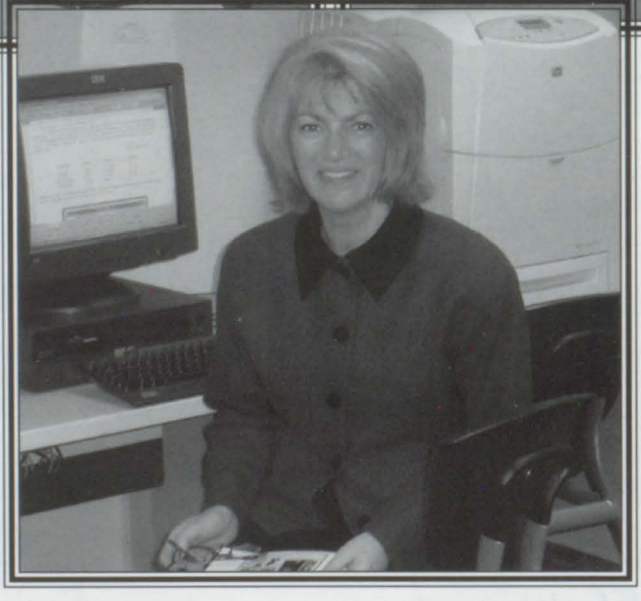
Mr. O'Brien, leaves us with this thought "Team work and competition make life fun and lead to success!" He has taught social studies for 17 years.



"A trip of a lifetime - thank you all" states Mr. Jacobowitz on his 32.5 years teaching in the district. He hopes he was able to help someone every day in his position as technology teacher.

Frau McEvoy has taught for 31 years in the district. This 'Staff Graduate' sums up her years with the district as "a totally 'tasteful', never tedious trek teaching 7th through 12th grades. Hals-und Beinbruch!".

Retiree - A person who retires completes one aspect of their lives and starts a new one.



Ms. Cataldo has been a math teacher in the district for 34 years. The part of the job that she will miss the most is the contact with so many wonderful and unique students whom she has had the privilege to teach. "It's been a great ride!!"

Academics

Let each become all he is capable of being.

Marketing teacher, Ms. Zeller and senior, Stefan Uvanni,discuss an article of interest in the Wall Street Journal.

Students like to work on their classwork during the day now that each classroom has computers.

Art work on display by Tatum Suprenant, shines in one of the art rooms.

Cellist Kassie Schuler practices with the orchestra to prepare for their concert.

Sarah Thompson explains her project, 'Hypertensive Heart Disease', to the judges at the 46th Annual Rome Science Fair. Sarah came in second in her division. Congratulations!

Sophomores, Jamie Gray and Kate Lappin learned how to give a proper handshake to the professionals they will work with on Mentor Day - an academic enrichment program.

Kylie Kohlbrenner and Jaclynn Bridgeman work on a lab with some of the new equipment in their science class. Be sure to get those labs in on time girls!

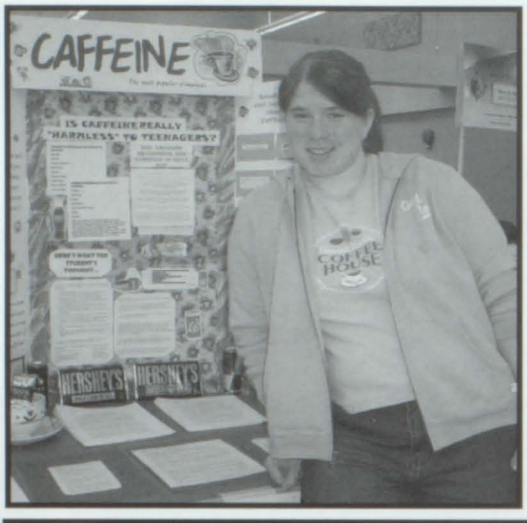
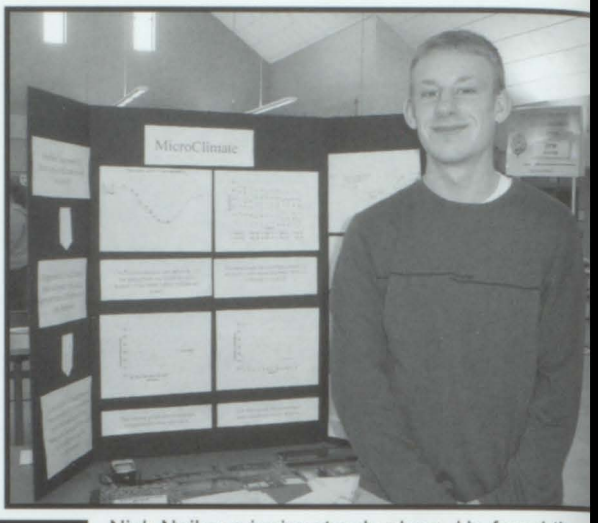
"A Brighter Future through Science" was the theme at this year's science fair held at the new RFA. Congratulations to all who competed.

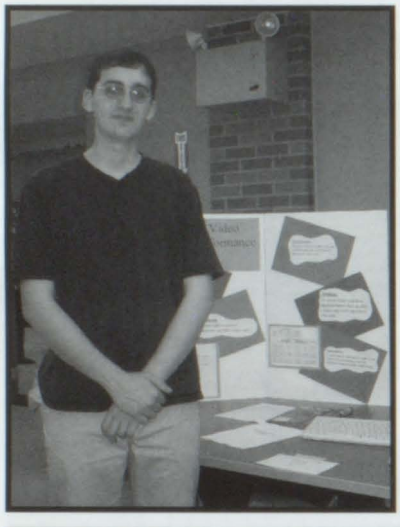
46TH ANNUAL SCIENCE FAIR

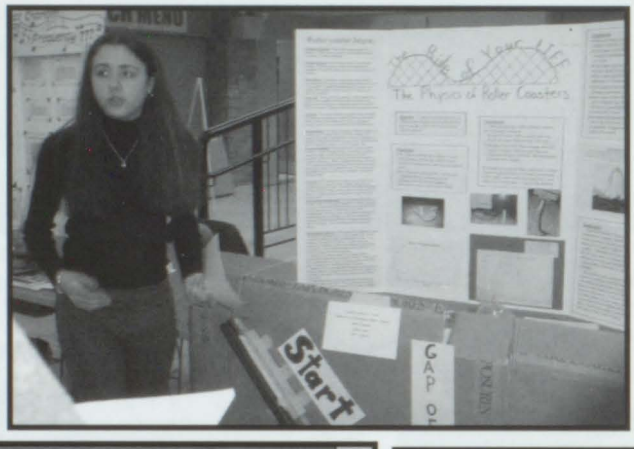
Andrea Heilig a Junior did her science fair project on "Caffeine", we all know where she stops before she comes to school every morning... Dunkin Donuts. But there is nothing wrong with a little extra energy in the morning.





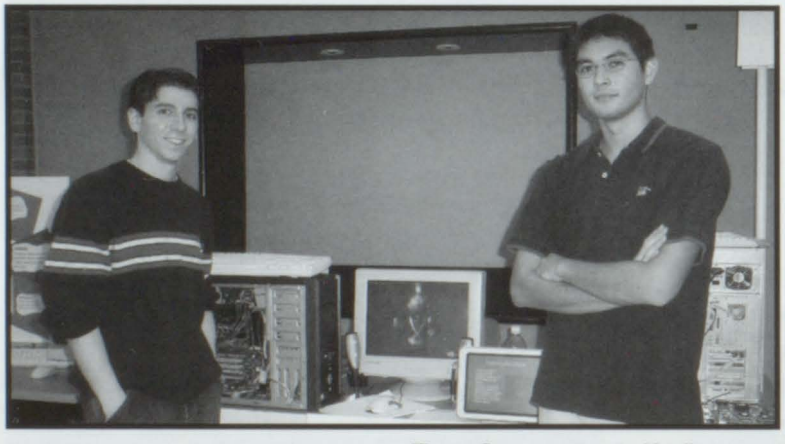
Looking so professional Martin Sharp a senior here at Rome Free Academy did his project on "Speed Writing". It must not take him a lot of time to finish his homework at night.





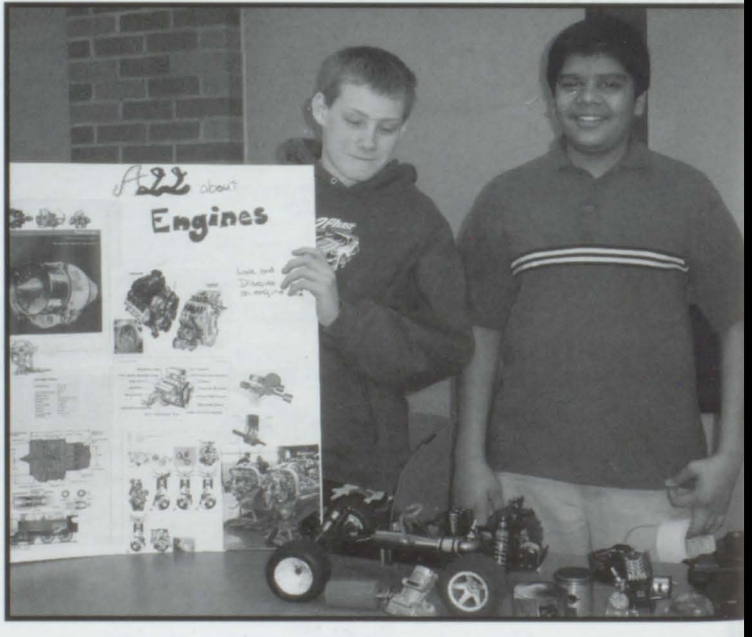
Nick Neiley a junior stands alone. He faced the tough competition at the science fair by himself, as he studied "The Micro Climate", we have some brave souls here at R.F.A.

Blair Burgreen, with the help of Kara Fedors both seniors did their science fair project on "The Ride Of Your Life " the physics of roller coasters. Kara just took a whipping ride to get a drink, while Blair lets us know what's going on.



Dave Kaveney and Doug Wilson, seniors, stand and strike a pose in front of their research project they did for the science fair. They researched the science of "3D Gaming". I bet these boys play a lot of video games.

These fine young men Kaelin Draper and Iiku Patel freshman at Rome Free Academy also participated in our science fair. Their focus was on "Comparing Engines". Good work boys.



"The arts give a generation the ability to define its own time."

All State Music Participants

Representing RFA at this year's All State event were chorus students Megan Morrow, Victoria Vargas, Nick Bruder, and Jeremy Leong. Amy Evans, center, participated in the band. So much talent!

The whole object of education is...to develop the mind. The mind should be a thing that works.

Business

A New Door Opens

As the new school year started, the diligent yearbook staff began the production of this year's edition of the De-O-Wain-Sta. This book would not have been possible without the benevolent and gracious support given to us by the businesses of Central New York.

The cover this year is an innovation in yearbook design. We are one of the first to use a photo mosaic - every student who has an i.d. picture is represented on the cover. This was made financially possible by the generous grant provided by the Stephen Kingsley Foundation. A very special thank you to George Waters and the Kingsley board for their support and enthusiasm for this project.

A ***New Door*** *has most certainly opened for the four classes of Rome Free Academy. We left behind comfort to enjoy a new and exciting opportunity. We have been very fortunate to be a part of the new Rome Free Academy and all the new teachers, staff, and students that have joined us.*

~ Jackie Piatkowski, Business Editor

The elementary door opened, and you were on your way, how very proud you made us accepting your diploma on 6th grade graduation day.

Onto Jr. High you went with worries left and right, but who ever woud have thought of all the awards you had in sight.

Then just around the corner sophmore year was here and with that came pole vaulting, which you did without fear.

Your Junior year was full of fun and good times all around, leaving old RFA behind with the new one soon to be found.

Senior year started with plenty of ups and downs, but you just kept going forward without so much as a frown.

There has not been one day, when you have not made us completely PROUD, and now you are graduating at the top of your crowd.

WE LOVE YOU... DAD, MOM,

DANIEL, & DERIC

Ron Colangelo

With Much Love

Dear Son,

Congratulations! You have made it through your [first] 13 years of education. It seems like only yesterday that I saw you hit a baseball over the roof on Clark St. when you were just two years young. I remember quite vividly all of your accomplishments both academically and in all of the many sports you have played. I have logged many miles following many buses to many different cities to watch you hit one over the fence, come in first in the mile, shoot a three point shot in an " All Star" game, pin an opponent larger than you, run for a touchdown, sack a quarterback, and so many other thrills, you have given to me. To this I say "thank you!" I have seen your dedication to subjects that were tough for you but when you "applied yourself" passed them all as I knew you would. Your boy scout projects, school plays, science projects, and school reports, all made me smile.

Oh yea, I can't forget the itching powder, those other "free days" off from school, the third day of your drivers license, the hockey puck, our little big fights, and all of the other little gems that led to my many [colored] gray hairs. Smile, it's all good! Remember that long walk into camp with "Crraj?" We made it! I'll never ever forget it!

Ron, You are now a young man and future college student. I might not be there physically to guide you, help direct your path and watch all of your future accomplishments. It will be up to you son, to make the "right choices." Choices that will effect your life and your future, forever. You'll pass again, I know you will because I have the confidence you will remember the many talks we had about "life, respect and honoring your word." I have that confidence in YOU and the "WORD" says: "Train up a child in the way he should and go when he is old he will not depart from it." Proverbs 22:6 - God Bless you son and always remember others may have all the $$$, BUT I HAVE ALL THE MEMORIES!

Love always,

DAD

Sam A, Brian, Lindsay, Sarah, Josh, Emily, Leslie, Kathleen, Angela M, Mary, Jackie, Renee, Joanne, Sam R, Deb, Angela S, and Cassie,

Our yearbook staff this year proved to be one of the best. The challenge of producing a book and learning the complicated computer program was at times overwhelming, but all of you never gave up. Your book is a testament to your persistence, temperment and belief that it could be accomplished. Your enthusiasm and fun attitude allowed us to get through the difficult times. As we approach retirement, we are delighted to have this happy memory for our final year. We wish you all the best and thank you again for being you. You are our future and it looks extremely bright!

Ms. Cataldo

Mr. Stirpe

This year's dedicated staff shows off the shirts given to them by our favorite rep, Mr. Carper. Thank you for all your help Mr. C. It's been a blast!

The yearbook staff shows off their butts...I mean the back of their shirts for all to see, in the lobby. They're showing their yearbook spirit from the front and the back!

Did you say cake? There are lots of smiles here since the 1st deadline has been met, and because the advisors treated the staff to some goodies. A great deal of hard work went into this production to make it one of the best ever.

Angela Schipano

Wow... What a year! It was pretty nutz! I think we all have been through a lot together. But we couldn't have done it without Super Stirp and Ms. Cataldo! We definately broke in this new RFA. You know you will miss us!!
~*~Mini Ali~*~

Well this year was something different. It wouldn't have been the same without the people in 7th period. The pranks and jokes drove some people crazy but it was fun.
